

Regalia SIZE Chart

Please note: All measurements are in cms. ½ chest means the measurement when the garment is laid flat across under the arms about 1cm down. These are actual garment measurements. We suggest you measure one of your favourite, similar style garments, on a flat surface, and use that measurement as a guide to the size to order. For 100% cotton items, order a size larger if your measurement is between 2 sizes. ½ waist measurement is also laid flat and across about where the natural waistline falls for the garment.
